BARGAINING UPDATE

TO: All PSAC/UNW Members at the NTPC

Dear UNW Members:

Our mediation is still in progress and we have dates set for April 5 and 6 in Yellowknife.

While a binding settlement has been imposed by Arbitrator Ready for the members at GNWT; there are no guarantees that a similar settlement will be easily reached during mediation at the NTPC table in the coming week.

The team will be counting on your support as we once again approach mediation with the intention of achieving a fair settlement for members.

We do want to thank Les Watsyk for his work on the bargaining team since the start of bargaining and we wish him the best in his retirement.

The rest of the team also welcomes Bryan Brazeau who will be joining us for the April mediation dates.

Stay tuned for additional updates.

In Solidarity,
YOUR BARGAINING TEAM
