Bargaining Communiqué

To: All UNW/PSAC Local 3050 Members Working at Dominion Diamond Mines

On June 26, 2018 the UNW/PSAC reached a tentative agreement with Dominion Diamonds to save 150 union jobs from being contracted out by October 2018.

We are pleased to announce that through the ratification vote process our members voted in favour of the tentative agreement.

The terms of the new agreement provides protections and job security for the entire bargaining unit, and will makes changes to the leave programs that will benefit both the members and the Employer. This agreement will also extend the life of the collective agreement to May 31, 2022 which will provide stability for our members.

If you should wish further details on the results of the ratification vote or have any further questions we encourage you to attend an upcoming membership meetings and talk to your Local representatives.

The bargaining team thanks the membership for their support throughout this process and for your participation in the ratification process during the past weeks.

YOU are the Union, and TOGETHER we can make a difference.

In Solidarity,

Todd Parsons, UNW President

Ian Kelly, Local 3050 President
